## GET FUNDED QUICKLY:

- ☑ You must be over 21 years of age
- ☑ Startups welcome for eligible industries
- ☑ 6 months of positive credit history

## What you'll need to apply

### Employer Identification Number

Your EIN (Employer Identification Number) is a unique nine-digit number from the IRS that identifies your business for taxes. If you have an EIN, include it in your application. If you don't, you can use your SSN instead.

### Social Security Number or ITIN Number

This will be requested of the applicant and any co-borrowers. Our online application has the ability to add multiple co-borrowers, and their SSN or ITIN will be required to complete the application. [Find more information on your ITIN Number here.](#)

### Driver's License

We'll need your state issued driver's license or identification number to complete the application process.

### Monthly Budget for your Household and Business

Be prepared to provide your monthly household income, as well as your business revenue and expenses.

### Financial Documents

Depending on the loan amount, we typically ask for your three most recent months of personal and/or business bank statements. We may also request your most recent tax return(s).

### Collateral

Collateral is required for all loans. This typically means a lien on your business assets and the items financed with the loan proceeds, though additional assets may also be considered.

DREAM IT. FUND IT.
