What if

TURNING POSSIBILITY INTO PROSPERITY.

Every contribution to LiftFund creates a ripple that reaches far beyond a single business. It extends into every corner of the community.

When a small business opens its doors, children see stability, families find employment, and neighborhoods regain their rhythm. Your gift improves quality of life and strengthens an entire ecosystem.

Whether you're looking to make a difference for children, veterans, seniors, community health and mobility, animals, the environment, or just good people looking to make a fresh start, LiftFund is here to help make it happen. Small businesses are the glue that holds communities together. They hire locally, serve neighbors, and invest back into the places we all call home. **When you give to LiftFund, you're fueling belonging, resilience, and opportunity that lasts for generations.**

Dream it.
Fund it.

What if you could turn a **no** into a **yes**?

Every day, determined entrepreneurs hear “not yet,” “not enough,” or simply “no.”

It is not because their ideas lack potential, but because access to fair, affordable capital is still out of reach. Too often, they turn to predatory loans that trap them in debt instead of helping them grow.

Partnering with LiftFund means investing in people, not just profiles. Your investment makes it possible to transform hesitation into hope, barriers into opportunity, and ambition into action. You make it possible for small business owners to say “yes” to growth, to hiring, to rebuilding, to thriving. Because when one dreamer moves forward, an entire community follows.

YOUR YES ECHOES.

Funding a “yes” when others say “no” is the single drop that starts an endless ripple of change.

What **if** you could turn \$1 into \$14?

An independent study found that every dollar that LiftFund lends generates \$14 of economic activity through job creation, wages, local taxes and business growth.

Your gift can help seed the growth cycle and the next generation of small business owners, whether it's the coffee shop that becomes a community hub, the contractor rebuilding after a storm, or the innovator whose dream creates local jobs.

STANDING IN THE WAY: ACCESS TO

Give entrepreneurs the chance to stand tall, to hire, to thrive.
Because when small businesses succeed, communities flourish, and your generosity makes that possible.
