Board of Directors
Accion Texas, Inc.

We have audited the accompanying statements of financial position of Accion Texas, Inc. (a nonprofit organization) as of December 31, 2007 and 2006, and the related statements of activities, cash flows, and functional expenses for the year ended December 31, 2007. These financial statements are the responsibility of Accion’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Accion Texas, Inc. as of December 31, 2007 and 2006, and the changes in net assets and its cash flows for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated March 18, 2008 on our consideration of Accion Texas, Inc.’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.
Our audit was performed for the purpose of forming an opinion on the basic financial statements of Accion Texas, Inc. taken as a whole. The accompanying Schedule of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

See accompanying notes to financial statements.
(1) Nature of Activities and Significant Accounting Policies

Nature of Activities

Accion Texas, Inc. (Accion)’s mission is to stimulate local economic growth and facilitate local efforts to combat poverty through providing credit and other support services to small enterprises that generally do not have access to commercial business credit. Through its loans and services, Accion helps micro entrepreneurs strengthen their businesses, stabilize and increase their incomes, create additional employment and contribute to the economic revitalization of their communities. Accion conducts special outreach efforts to reach disenfranchised, low income, and minority entrepreneurs and is an intermediary lender between commercial banks and micro-entrepreneurs.

Accion is funded primarily by governmental grants, contributions from banks, foundations, corporate and individual contributors. Representatives of these banks and other organizations often serve as members of the board of directors.

Organization

Accion is a Texas non-profit corporation organized March 1994.

Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, Accion considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.
(1) Nature of Activities and Significant Accounting Policies (continued)

Receivables

Microenterprise loans, and other receivables are stated at the amount management expects to collect from balances outstanding at year-end. Based on management’s assessment of the credit history with clients having outstanding balances and current relationships with them, it has concluded that realization losses on microenterprise loan balances outstanding at year-end have been adequately provided for by the allowance for loan losses.

Property and Equipment

Property and equipment are valued at cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their estimated fair market value on the date donated. Expenses for repairs that materially extend the useful life of an asset are capitalized at cost. Depreciation is recorded using the straight-line method over the estimated useful lives of the assets which range from 5 to 39 years. Accion capitalizes all purchases of property and equipment exceeding $500.

Financial Statement Presentation

Accion’s financial statements have been prepared on the accrual basis of accounting and current provisions applicable to nonprofit organizations.

Under these provisions, net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, Accion’s net assets and changes therein are classified and reported as follows:

**Unrestricted** – Net assets that are not subject to donor-imposed stipulations.

**Temporarily restricted** – Net assets subject to temporary restrictions imposed by donors.

**Permanently restricted** – Net assets with the donor imposed stipulation that the assets be designated toward the creation of an opportunity fund.

(Continued)
(1) Nature of Activities and Significant Accounting Policies (continued)

Financial Statement Presentation (continued)

When a restriction expires, (that is, when a stipulated time restriction ends or purpose for the restriction is accomplished) temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Contributions are considered to be available for unrestricted use unless specifically restricted by donor. Contributions, including unconditional promises to give, are recorded when the donor makes a promise to give to Accion, that is in substance, unconditional.

Donated Facilities and Services

Donated facilities and services are reflected in the accompanying financial statements at fair market value at the time of receipt. Donated facilities, which include office space at various locations where Accion operates and interest on below-market interest rate notes payable, are recorded as an expense.

Provision for Loan Losses

Accion’s Board approved the current Loan Loss provision policy in 2006. Since then, the adequacy of the reserves is evaluated monthly by management and quarterly by the Board. The Loan Loss Reserve Policy is reviewed on an annual basis. Following the current loan loss reserve policy, the reserve reached to 6.2% of outstanding portfolio as of December 31, 2007. This excludes the cash reserves available to Accion from Texas Capital Access Program (TCAF) and Communities of Churches for Social Action (CCSA). These reserves can be drawn upon a loan enrolled on those programs defaults. Including these funds, the total reserves as of December 31, 2007 were 6.4% of outstanding portfolio.

Revenue Recognition

Accion recognizes loan interest revenue over the term of the loan. Loan fees are earned when the loan transaction is finalized.

Grants from governmental agencies are earned as the related expenses stipulated by the grants are incurred.
(1) **Nature of Activities and Significant Accounting Policies (continued)**

**Functional Allocation of Costs**

The costs of providing the program and other activities have been summarized on a functional basis in the statements of activities. Accordingly, costs are allocated to program, fund-raising and general and administrative expenses based on actual use or estimated use if actual use is not readily determinable.

**Tax Status**

Accion is exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code.

**Comparative Financial Information**

The statements of activities and of functional expenses include prior-year comparative total amounts. Such total amounts do not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such amounts should be read in conjunction with Accion’s financial statements for the year ended December 31, 2006, from which the comparative total amounts were derived.

(2) **Restricted Cash**

Restricted cash consists of cash accounts that are required to be maintained for a specific purpose or required by the grantor. Cash accounts restricted are the Individual Development Account Program account, the Eastside Loan Guarantee Program account, the Texas Capital Access Fund accounts, and the Small Business Administration Microloan Reserve Accounts.

(3) **Microenterprise Loans Receivable**

Accion offers loans to qualifying businesses. These loans are offered to startup or established businesses. Loans range from $500 to $50,000 with loan terms of 5 to 72 months. Borrower must have sufficient collateral to cover loan amount. Individual and group loans carry an 8.00% to 18% annual interest rate, calculated on the declining balance of the loan.

1,714 loans receivable were outstanding as of December 31, 2007 for a total balance receivable of $16,993,716, less an allowance for loan losses of $1,046,956.

</tbody>
</table>

Loans are considered delinquent if past due over 31 days and delinquent loans over 180 days are charged off.

Non-performing loans fall into one of the following categories: (1) loans in Chapter 7 bankruptcy that are expecting a reaffirmation agreement, (2) loans enrolled in the Texas Capital Access Program that will be charged off upon confirmation from the Office of the Governor-Economic Development and Tourism, and (3) loans in the process of real estate foreclosure. There were no non-performing loans at December 31, 2007.

(4) Property and Equipment

Property and equipment as of December 31, 2007 consisted of the following:

<p>| | |</p>
<table>
<thead>
<tr>

</tr>
<tr>
<td>Thereafter</td>
<td>993,174</td>
</tr>
</tbody>
</table>

$13,128,409

(6) Equity Equivalents

An equity equivalent is an unsecured general obligation. It is fully subordinated to the right of repayment of all other creditors. The obligation has a rolling term and therefore, an indeterminate maturity. The interest rate for the following notes is 1.00 to 2.00% and payment of interest is required quarterly and semi-annually. Interest payments are current at December 31, 2007. Equity equivalents consist of the following loans:

<table>
<thead>
<tr>
<th>Lender</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Guaranty Bank</td>
<td>$100,000</td>
</tr>
<tr>
<td>Guaranty Bank</td>
<td>100,000</td>
</tr>
<tr>
<td>Guaranty Bank</td>
<td>500,000</td>
</tr>
<tr>
<td>Raza Development Fund</td>
<td>100,000</td>
</tr>
<tr>
<td>Raza Development Fund</td>
<td>200,000</td>
</tr>
<tr>
<td>Wells Fargo</td>
<td>250,000</td>
</tr>
</tbody>
</table>

$1,250,000
(7) Restrictions on Net Assets

Temporarily restricted net assets are available for the following purposes:

For subsequent years' activities:

<table>
<thead>
<tr>
<th>Fund</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Texas Capital Access Fund</td>
<td>$11,068</td>
</tr>
<tr>
<td>Community of Churches for Social Action</td>
<td>30,610</td>
</tr>
<tr>
<td><strong>Subtotal</strong></td>
<td><strong>41,678</strong></td>
</tr>
</tbody>
</table>

For required reserves:

<table>
<thead>
<tr>
<th>Agency</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Small Business Administration</td>
<td>$254,572</td>
</tr>
<tr>
<td><strong>Subtotal</strong></td>
<td><strong>296,250</strong></td>
</tr>
</tbody>
</table>

The net assets for all programs are restricted to use as defined by the grantor.

Net assets were released from donor restrictions by incurring expenses satisfying the purpose or time restrictions specified by the donors as follows:

<table>
<thead>
<tr>
<th>Program</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Economic Development Administration</td>
<td>$424,000</td>
</tr>
<tr>
<td>Community Development Financial Institution</td>
<td>335,000</td>
</tr>
<tr>
<td>Cash released from restrictions</td>
<td>4,886</td>
</tr>
<tr>
<td><strong>Subtotal</strong></td>
<td><strong>763,886</strong></td>
</tr>
</tbody>
</table>

Permanently restricted net assets consist of various contributions received from banks and individuals restricted in perpetuity for loans to micro enterprises.

(8) Retirement Plan

Accion has a defined contribution 401(k) plan covering all employees with at least one year of service who agree to make contributions to the plan. Under the plan, Accion contributes 50 cents for every dollar contributed by the participant up to 6% of the employee’s salary on an annual basis. Total retirement plan expense charged to operations was $19,250 in 2007.
(9) Concentrations

Financial instruments which potentially subject Accion to credit risk consist of periodic temporary investments of excess cash and loan receivables. Accion places its temporary excess cash in high quality short-term money market instruments and certificates of deposit at local banks. At times such instruments may be in excess of the federally insured limit of $100,000. Microenterprise loans receivable which can be affected by the economic climate are considered to be a concentration of credit risk.

To conduct its microenterprise loan operations, Accion depends on the availability of financing primarily from commercial banks and the federal government. At December 31, 2007, the largest two sources of financing, Community Development Financial Institutions Fund and Small Business Administration, represented approximately 23% of notes payable and equity equivalents.

(10) Contingencies

Contracts with governmental agencies are subject to final determination of the eligibility of costs by the grantor. Should any costs be found ineligible, Accion will be responsible for reimbursing the Grantor for these amounts.

(11) Operating Leases

Accion leases copiers and a router system under operating leases expiring through August 2009. Lease expense charged to operations for the year ended December 31, 2007 was $50,265.

Future minimum lease payments under the operating leases in excess of one year as of December 31, 2007 are:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>2008</td>
<td>$57,494</td>
</tr>
<tr>
<td>2009</td>
<td>7,801</td>
</tr>

Notes to Schedule of Federal Awards

Year ended December 31, 2007

(1) Basis of Presentation

The accompanying schedule of federal awards includes the federal grant activity of Accion and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

(2) Loans Outstanding

Accion had the following loan balances outstanding at December 31, 2007. Amounts of new loans made are included in the following loan balances outstanding and are also included in the expenditures presented in the schedule.

Report on Internal Control over Financial Reporting
and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed
in Accordance with Government Auditing Standards

Board of Directors
Accion Texas, Inc.

We have audited the financial statements of Accion Texas, Inc. as of and for the year ended December 31, 2007, and have issued our report thereon dated March 18, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Accion Texas, Inc.’s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Accion Texas, Inc.’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Accion Texas, Inc.’s internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity’s ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity’s financial statements that is more than inconsequential will not be prevented or detected by the entity’s internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity’s internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether Accion Texas, Inc.’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the audit committee, management, others within the organization and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

March 18, 2008

20
Report on Compliance with Requirements Applicable to each Major Program and Internal Control over Compliance in Accordance with OMB Circular A-133

Board of Directors
Accion Texas, Inc.

Compliance

We have audited the compliance of Accion Texas, Inc. with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2007. Accion Texas, Inc.’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Accion Texas, Inc.’s management. Our responsibility is to express an opinion on Accion Texas, Inc.’s compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Accion Texas, Inc.’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Accion Texas, Inc.’s compliance with those requirements.

In our opinion, Accion Texas, Inc. complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2007.
Internal Control Over Compliance

The management of Accion Texas, Inc. is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Accion Texas, Inc.'s internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Accion Texas, Inc.'s internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned function, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended for the information of the audit committee, management, others within the organization and federal awarding entities and is not intended to be and should not be used by anyone other than these specified parties.
